

GOOD TIMES

Baldwin Comforts of Home Senior Living

April 2024

“ 1 for the money... 2 for the show... 3 to get ready, now GO SNOW GO!!!!”

Spring is in the air and our residents and staff are eagerly awaiting the warm weather. Our residents have made lists of their favorite outdoor activities. We will be doing everything from lawn darts to planting tomato and cucumber seeds, so we can enjoy delicious fresh vegetables to eat during mealtime. What a great project for them to focus on throughout the Spring and Summer months. The residents have taken a lot of pride in decorating the building and making center pieces for the tables. Our seasonal tree is now loaded with bunnies and Easter décor along with lots of homemade adorable projects around the facility.

Our staff at Comforts of Home want to keep our residents active and interested. Coming up with new ideas with the residents is a fun part of that process. If you or a loved one has any special talent and would like to share with the residents feel free to reach out. We have a special guest coming soon to surprise our residents...HINT: Love Me Tender, Jail House Rock and Blue Suede Shoes, are just a few songs this person sings.
